In accordance with General Order 5-16, all current employees/members are required to receive infection control training in order to be operationally compliant. Mandatory refresher training is conducted annually, prior to their expiration date of the last year's training, and each employee/member is responsible for attending annual training.

Listed below are the 2009 Volunteer Recruit School (VRS) training dates. In accordance with General Order 5-16, all new employees/members are required to receive infection control training and annual refresher training prior to riding apparatus and/or providing patient care. This training will be held from 7:00 p.m. until 9:00 p.m., at the following location:
