

PRINCE GEORGES COUNTY FIRE COMMISSION

FIRE COMMISSION POLICY

FC Policy Number: 04-01	Date: April 21, 2004
Subject: Overhead Doors	
Donald L. Strine, Chairman	

Due to the increase in the number and frequency of damage to overhead doors caused by automatic door timers, it will be the policy of the Fire Commission to **not** repair overhead doors in fire stations that have been damaged and the damage was caused by automatic door timers.

If you have damage to an overhead door that was caused by an automatic door timer, it will be the responsibility of the individual station to make the necessary repairs to the door/s. Funds for these repairs may be taken from Station Management funds.
